

2008 Home Energy-Efficiency Rebate Program

2008 Rebate Program Extended! The purchase, installation, and postmark dates referenced in this application have been extended to December 31, 2009.

Cash rebates for existing single-family detached homes, attached homes (up to four-plex), condominiums and mobile homes.

HOW TO APPLY

1. **Read the Terms and Conditions** included in this application packet.
2. **Purchase and Install** a qualifying product between February 1, 2008 and December 31, 2008. **Please be aware, these purchase and install dates will end earlier if funds are depleted.** Refer to the specification sheet for qualifying product information. Qualifying products must be installed prior to submitting for a rebate.
3. **Complete** the product form, and **read and sign** the customer application form. Mail the completed forms along with proof of purchase (see proof of purchase requirements listed in the next column) to:

San Diego Gas & Electric 2008 Home Energy Efficiency Rebates
Box 129016 San Diego, CA 92112-9016

This program will end December 31, 2008 or earlier if allocated funds are spent before that date. **Completed applications with documentation must be postmarked by December 31, 2008** to be eligible for a rebate. **Incomplete applications cannot be processed.**

4. **Keep a copy** of your completed application package (including receipts) for your records.
5. **A rebate check is generally mailed** within 6-8 weeks unless your application is selected for verification, which may result in additional processing time.

SDG&E reserves the right to verify energy-efficient product(s), customer eligibility, and equipment installation prior to payment of rebate. Measures receiving the SDG&E rebate instantly, at the point-of-sale, do not qualify for a mail-in rebate.

Questions? Call SDG&E's Energy Information Center at **1-800-644-6133**.

Free Home Improvement Opportunity:

You may qualify for FREE energy-saving home improvements, and/or a 20% discount on your monthly energy bill if you meet certain income guidelines and other requirements. Please call 1-800-411-SDGE (7343) for more information or visit www.sdge.com.

PROOF OF PURCHASE REQUIREMENTS

Read the Specification Sheet included in this application to make sure you meet all requirements.

All products must be installed prior to submitting your completed and signed customer application, product forms (included in this application packet), and proof of purchase.

The proof of purchase and other documentation required to process your rebate application may differ depending on who completes the installation - you or your contractor. **Please note that altered receipts will not be accepted.**

Measures receiving the SDG&E rebate instantly, at the point-of-sale, do not qualify for a mail-in rebate.

YOU MUST SUBMIT A RECEIPT, A HOME IMPROVEMENT CONTRACT, OR INVOICE AS PROOF OF PURCHASE.

• Retail Product Receipt/Invoice as your proof of purchase must include:

1. Retailer/Contractor name, address, and phone number.
2. Itemized listing of each product including all information needed to meet the rebate criteria. You may have to ask your retailer for additional product information to include, depending on the product being installed such as, **product model number, SKU/UPC number**, etc. (please see specification sheets for details).
3. Price per product and payment terms, or "paid in full" notation, and date paid must be included.

• The Home Improvement Contract (HIC) as your proof of purchase must include:

1. Both your signature and your licensed contractor's signature, and the date signed.
2. The product purchase and install dates determine rebate eligibility. These dates must be between February 1, 2008 and December 31, 2008.
3. If the signatures are not dated, the date that the HIC was written will determine the product purchase date.
4. The contractor's name, address and phone number.
5. An itemized listing of **each product** including all information needed to meet the rebate criteria such as: product **model number, SKU/UPC number**, etc. (please see specification sheets within this application packet for details).
6. Price per product and payment terms, or "paid in full" notation, and date paid must be included.
7. An invoice or contract completion form.

The California State License Board (CSLB) requires that licensed contractors must provide you with an HIC if the materials and labor total for the product(s) and installation is \$500 or more. It is recommended that you request an HIC from your contractor even if the contractor product and installation is less than \$500.

For additional information on Home Improvement Contracts or the status of your contractor's license, visit www.cslb.ca.gov or call the Contractors State License Board at 1-800-321-CSLB.

PLEASE READ TERMS AND CONDITIONS, AND SIGN AND DATE THE CUSTOMER APPLICATION FORM ON PAGE 4

1. To be eligible for a rebate, I understand that: (a) I must be a residential customer on a residential rate with an active meter serviced by SDG&E for the installation address and, (b) the product(s) I have installed must qualify as described on the Specification Sheet and incorporated herein by this reference and be designed to reduce the consumption of the energy distributed to me by SDG&E at the installation address. I understand I must complete an application for each installation address. All uses herein of the words "install", "installation" or similar phrases shall mean complete installation such that the subject products are fully functional.
2. I understand the rebate offer is limited to residential customers on a residential rate. The energy-efficient product(s) must be installed in a residential dwelling within SDG&E's service area. The dwelling unit must be fully constructed and occupied.
3. I understand the program term is February 1, 2008 through December 31, 2008 or sooner if allocated funds are depleted. New product purchases and product installations made prior to February 1, 2008 or after December 31, 2008 do not qualify for a rebate. Resale products, products leased, rebuilt, rented, received from insurance claims, won as a prize, or new parts installed in existing products do not qualify. **The program may be modified or terminated without prior notice.** In the event that rebate amounts change for products offered during the program period, the purchase date will be used to determine product eligibility and the application postmark date will be used to determine rebate amount. Measures receiving the SDG&E rebate instantly, at the point-of-sale, do not qualify for a mail-in rebate.
4. I understand that this signed and dated Customer Application Form, completed Product Form and incorporated herein by this reference, all appropriate Proof(s) of Purchase, and other required documentation as referenced in this Application Package must be sent to SDG&E postmarked by December 31, 2008 to be considered eligible for payment of a rebate. A rebate check for qualifying product(s) is generally mailed 6 to 8 weeks after SDG&E receives and approves a completed application including all required documentation unless an application is selected for a verification, which may add additional time. An incomplete application cannot be processed.
5. I will allow, if requested, SDG&E's and/or a California Public Utilities Commission (CPUC) representative reasonable access to my home to verify the installed product I have purchased before a rebate is paid. I understand that a rebate will not be paid if I refuse to participate in any required verification. The verification of installation must be scheduled within 30 days of customer contact by SDG&E. I understand that SDG&E may contact the qualifying product vendor and/or installer, if needed, to verify purchase and/or installation and may provide my name and/or address to complete this verification.
6. I have installed a qualifying product(s) and understand the energy-efficiency level of the qualifying product(s) determines the rebate amount (as defined in the Specification Sheet). The rebate amount cannot exceed the purchase price. I understand that I cannot receive a rebate for the same product or equipment from more than one California investor-owned utility or third party energy efficiency program offering rebates, financing or other incentives funded with CPUC Public Goods Charge funds. **Measures receiving the SDG&E rebate instantly, at the point-of-sale, do not qualify for a mail-in rebate.**
7. I agree that the selection of qualifying product(s), selection of manufacturer, dealer, supplier and/or installer, and purchase, installation and ownership/maintenance of the qualifying product(s) referenced in this application package are my sole responsibility, and that my manufacturer, dealer, supplier or installer of these products and measures is not an agent or representative of SDG&E. I understand that SDG&E makes no representations regarding manufacturers, dealers, contractors, materials or workmanship. I ALSO UNDERSTAND THAT SDG&E MAKES NO WARRANTY WHETHER EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR ANY PARTICULAR PURPOSE, USE, OR APPLICATION OF THE PRODUCTS OR MEASURES. I agree that SDG&E has no liability whatsoever concerning (1) the quality, safety and/or installation of the products or measures, including their fitness for any purpose, (2) the estimated energy savings of the products or measures, (3) the workmanship of any third parties, (4) the installation or use of the products or measures including, but not limited to, effects on indoor pollutants, or (5) any other matter with respect to the 2008 Home Energy Efficiency Rebate Program. I waive any and all claims against SDG&E, its parent companies, directors, officers, employees, or agents, arising out of activities conducted by or on behalf of SDG&E in connection with my application for any rebate(s) under the 2008 Home Energy Efficiency Rebate Program. Without limiting the generality of the foregoing, none of such parties shall be liable hereunder for any type of damages, whether direct, indirect, incidental, consequential, exemplary, punitive or special damages, including damages for loss of use regardless of the form of action, whether in contract, indemnity, warranty, strict liability or tort, including negligence of any kind.
8. I am responsible for meeting all program requirements and complying with my state/county/city governments, property owner and/or homeowner's association requirements (if any) in my area regarding local conditions, restrictions, codes, ordinances, rules, and regulations concerning this installation.
9. If a tenant, I am responsible for obtaining the property owner's permission to install the measure for which I am applying for a rebate. My signature on this application indicates I have obtained this permission.
10. I understand that **SDG&E is not responsible for items lost or destroyed in the mail/transit.**

This program is funded by California utility customers and administered by SDG&E, under the auspices of the California Public Utilities Commission.

2008 Home Improvement Specification Sheet

All equipment/materials must be new. Follow manufacturer installation requirements. Equipment/Materials must meet or exceed all applicable local, state and federal standards. **If a list of qualifying products is specified, you must choose from that list.**

A. ATTIC INSULATION

Attic insulation is eligible for rebate only if the pre-retrofit insulation level is R-11 or less. The final insulation level must be at least R-30 unless a higher level is specified by local jurisdiction. Attic insulation is feasible only when the attic crawl space is adequate. At the highest peak, clearance between the bottom of the roof rafters and the top of the ceiling joists must be at least 24". Garages and other non-living areas do not qualify. If purchasing insulation, remember that your rebate is based on the amount of insulation actually installed. **Ensure your invoice clearly shows the final R rating, the square footage, and purchase and install dates. Floor and ceiling insulation do not qualify for a rebate.**

B. WALL INSULATION

Wall insulation is eligible for rebate as long as existing walls are un-insulated and are between conditioned living area and unconditioned area. Garages and other non-living areas do not qualify. The installed insulation must achieve a minimum of R-13. **Ensure your invoice clearly shows the final R rating, the square footage, and purchase and install dates. Floor and ceiling insulation do not qualify for a rebate.**

C. EFFICIENT NATURAL GAS STORAGE WATER HEATER

(Tankless water heaters do not qualify)

Efficient natural gas storage water heaters must have an Energy Factor (EF) of **0.62 or greater**. Look for the EF rating on the water heater specification sheet or on the packaging box; it does not always appear on the water heater label itself. This rebate is limited to natural gas storage water heaters that are 30 gallons or greater. If qualifying product is replacing an existing unit, the existing unit must be natural gas. Energy factors are published at www.gamanet.org, product certification.

D. EFFICIENT ELECTRIC STORAGE WATER HEATER

(Tankless water heaters do not qualify)

Efficient electric storage water heaters must have an Energy Factor (EF) of **0.93 or greater**. Look for the EF rating on the water heater specification sheet or on the packaging box; it does not always appear on the water heater label itself. This rebate is limited to electric storage water heaters that are 30 gallons or greater. If qualifying product is replacing an existing unit, the existing unit must be electric. Energy factors are published at www.gamanet.org, product certification.

E. WHOLE-HOUSE FAN

Existing central air or heat pump required. Whole-house fans must move 1,000 cubic feet of air per minute (CFM) or more and be permanently installed (connected to the framing) to be eligible for rebate. Consult manufacturer's specifications to determine the proper size fan prior to purchase. Whole-house fans are usually installed in your home by attaching the fan to the ceiling joists in the hall. The fan exhausts air from the living space into the attic, therefore, attic fans and/or gable fans do not qualify for this rebate. A list of qualifying products is available at sdge.com. For a copy of the "Facts About Whole-house Fans" brochure call us at 1-800-644-6133 or visit our Web site. **Limit of one whole-house fan rebate per house.**

F. ENERGY STAR®- QUALIFIED CENTRAL NATURAL GAS FURNACE.

Please note that not all Energy Star®-qualified models will qualify for a rebate.

Must have a 92% Annual Fuel Utilization Efficiency (AFUE). Your C20 contractor should be able to assist in choosing the qualifying equipment. A list of qualifying equipment is available at www.energystar.gov or call SDG&E at 1-800-411-SDGE (7343).

G. ENERGY STAR®-Qualified Dishwashers

Please note that not all ENERGY STAR-qualified models will qualify for a rebate. Must have an Energy Factor (EF) of 0.65 or higher. Dishwashers must be installed with water heating source using natural gas or electricity distributed to the installation address by SDG&E. List of products is available at www.energystar.gov/products, be sure to check the energy factor.

H. ENERGY STAR®-Qualified Room Air Conditioner

A list of qualifying products is available at www.energystar.gov, click on appliances and select room A/C

I. ENERGY STAR®-Qualified Refrigerator

A list of qualifying products is available at www.energystar.gov, click on appliances and select refrigerators or visit www.sdge.com. Limit of one refrigerator rebate per house.

J. POOL PUMP AND MOTOR (and automatic controller, if required)

Install or replace existing in-ground pool pump and motor with a multi-speed or variable-speed pump and motor. **The installation of an automatic control system capable of controlling speeds is required for most two- and four-speed models. Manual control systems are not eligible.** A list of qualifying products are available at www.sdge.com. Pumps for above-ground pools, pool cleaners, boosters, spas, and water features are not eligible. The replacement of a motor only does not qualify for rebate. **Ensure your invoice clearly shows the purchase date and the model number of the pool pump and motor and the automatic controller (if required).**

The ENERGY STAR label is your assurance of energy-efficiency performance that exceeds federal standards. When used properly, ENERGY STAR-qualified products use less energy than standard equipment, they cost less to operate, and create less pollution.

You're also cutting your monthly energy use.

Many manufacturers offer ENERGY STAR-qualified products. Just look for the label. For product retailer listings, visit www.energystar.gov.

CHECKLIST 

Before you mail us your application, make sure you have done the following:

- Completed and signed Customer Application Form.
- Completed Rebate Form for products eligible for rebate.
- Verified all proof-of-purchase information is listed on invoice, receipt, or contract.
- Made copies of all documentation for your own records.

Incomplete applications will not be processed. All applications will be handled on a first-come, first-served basis until program funds are spent. Measures receiving the SDG&E rebate instantly, at the point-of-sale, do not qualify for a mail-in rebate.

Mail your application package to:

**2008 Home Energy Efficiency Rebates
P.O. Box 129016
San Diego, CA 92112-9016**

Please allow **six to eight weeks** for processing. For any questions call us toll-free at **1-800-644-6133**.
