Pursuant to the February 26, 2009 Scoping Memo issued in the above-entitled proceeding San Diego Gas & Electric Company will host a series of technical workshops for parties to identify, discuss, and resolve issues associated with SDG&E's de-energization (emergency power shut off) plan. A technical workshop to identify specific facilities potentially affected by emergency power shut off is scheduled as set forth below.

DATE: Wednesday, March 18, 2009

TIME: 10 a.m. to 3 p.m.

DIAL IN: 1-866-462-0164; then enter pass code *3192002* (please hit the star key both before and after the pass code number)

PURPOSE: The purpose of this technical workshop is assisting communications providers, water utilities, school districts, and others in identifying the specific facilities that may be affected by SDG&E's de-energization plan in 2009.

PLACE: The workshop will be held in the Claude Morrison Room of the Scottish Rite Event Center, 1895 Camino Del Rio South, San Diego, California 92108.
