Pursuant to the February 26, 2009 Scoping Memo issued in the above-entitled proceeding San Diego Gas & Electric Company will host a series of technical workshops for parties to identify, discuss, and resolve issues associated with SDG&E’s de-energization (emergency power shut off) plan. A technical workshop to discuss all other major issues is scheduled as set forth below.

DATE: Friday, March 20, 2009

TIME: 10 a.m. to 4 p.m.

DIAL IN: 1-866-462-0164; then enter pass code *3192002* (please hit the star key both before and after the pass code number)

PURPOSE: The purpose of this technical workshop is to identify, discuss, and try to resolve all major issues identified by parties regarding SDG&E’s emergency power shut off plan (other than those unique to customers with disabilities and identification of facilities, which are the subject of separate technical workshops). Per the Scoping Memo, among the issues to be addressed is the development of a common outline for parties to use in drafting written comments.
