NOTICE OF APPLICATION SAN DIEGO GAS & ELECTRIC® COMPANY'S REQUEST TO INCREASE RATES AND REVENUES FOR THE GENERAL RATE CASE PHASE 2 APPLICATION A.23-01-008

WHY AM I RECEIVING THIS NOTICE?

On January 17, 2023, San Diego Gas and Electric® (SDG&E®) filed its General Rate Case (GRC) Phase 2 Application (Application) with the California Public Utilities Commission (CPUC), seeking approval to change certain electric rates for our customers. This Application proposes no changes to the total electric revenues SDG&E is authorized to collect from ratepayers. In addition, this Application requests no changes to gas rates.

SDG&E has requested the changes proposed in this Application become effective in 2024. If approved as filed, SDG&E customers would see the changes described here.

WHY IS SDG&E REQUESTING THIS RATE CHANGE? SDG&E proposes to (1) extend the weekday Super Off-Peak Time-of-Use period, the period of the day when SDG&E's Time-of-Use rates are the lowest, to include 10am to 2pm year-round; (2) introduce a new rate class for medium-sized commercial customers; and (3) gradually adopt rates that better reflect the cost of providing service.

HOW COULD THIS AFFECT MY MONTHLY ELECTRIC/GAS RATES?

If SDG&E's rate request is approved by the CPUC, the average residential monthly bill using 400 kWh per month would decrease by approximately \$2.88 or -1.9% per month in 2024. Changes in individual bills will vary based on a customer's rate schedule and how much energy each customer uses. Table 1 shows a comparison of current class average rates to proposed rates for 2024.

TABLE 1: SDG&E PROPOSAL COMPAREDTO CURRENT EFFECTIVE RATES

HOW DOES THE REST OF THIS PROCESS WORK?

This application will be assigned to a CPUC Administrative Law Judge who will consider proposals and evidence presented during the formal hearing process. The Administrative Law Judge will issue a proposed decision that may adopt SDG&E's application, modify it, or deny it. Any CPUC Commissioner may sponsor an alternate decision with a different outcome. The proposed decision, and any alternate decisions, will be discussed and voted upon by the CPUC Commissioners at a public CPUC Voting Meeting.

Parties to the proceeding may review SDG&E's application, including the Public Advocates Office. The Public Advocates Office is an independent consumer advocate within the CPUC that represents customers to obtain the lowest possible rate for service consistent with reliable and safe service levels.
