Re: San Diego Gas & Electric Company, Docket No. ER21-2540-000, Errata to the Transmittal Letter

Dear Secretary Bose:

On July 29, 2021, in Docket No. ER21-2540, SDG&E submitted proposed revisions to Appendix VII and Appendix IX of its Transmission Owner (TO) Tariff. Due to administrative oversight in describing the proposed tariff revisions SDG&E is submitting this errata to the transmittal letter.

The first sentence of the second paragraph incorrectly says, “The Appendix VII proposed revision expands eligibility for the Vehicle Grid Integration Rate...” The correct description is “The first proposed revision expands eligibility for the Vehicle Grid Integration Rate...”

The second sentence of the second paragraph incorrectly says, “The Appendix IX proposed revision adds a new sub-class of the Medium & Large Commercial/Industrial (“M&L C/I”) class...” The correct description is “The second proposed revision adds a new sub-class of the Medium & Large Commercial/Industrial (“M&L C/I”) class...”

The changes provided above have no bearing on the tariff records. The proposed tariff changes are correct and there are no changes to the tariff or other documents submitted in this filing.

Please contact me if you have any questions.

Respectfully submitted,

/s/ Ross R. Fulton
