Re: San Diego Gas & Electric Company, Docket Nos. ER13-941-000, ER13-941-001 and ER13-941-002

Dear Secretary Bose:

In accordance with Rule 602 of the Federal Energy Regulatory Commission's ("Commission") Rules of Practice and Procedure, 18 C.F.R. § 385.602 (2012), San Diego Gas & Electric Company ("SDG&E") resubmits for electronic filing in the above-referenced proceeding the documents listed below. SDG&E originally submitted these documents on January 31, 2014; however, because of the e-Tariff filing type code used for identifying the filing, submission of the filing triggered a new docket designation, Docket No. ER14-1239. SDG&E is hereby refiling the documents under the electronic code necessary to ensure that they are accepted in the above-docketed proceeding. Please transmit a copy of these documents to Administrative Law Judge H. Peter Young.

The Offer of Settlement ("Settlement") is intended to resolve all issues related to SDG&E's Fourth Transmission Owner Formula ("TO4 Formula") rate mechanism. The Commission Trial Staff and all Intervenors have indicated that they either support or do not oppose resolution of this proceeding according to the terms and conditions described in the Settlement. The following documents are attached:

1. The Explanatory Statement;
2. The Offer of Settlement consisting of Attachment A (Depreciation Rates and Amortization Periods) and Attachment B (Exhibits List);
3. Draft Commission letter order approving the Settlement; and
4. Certificate of Service.

Consistent with Rule 602(f), comments on the Offer of Settlement are due on February 24, 2014, and reply comments are due on March 6, 2014.

Should you have any questions regarding this filing, please contact the undersigned.
Thank you for your assistance.

Respectfully submitted,
