**SUBJECT: CITY OF RIVERSIDE PARTICIPATION IN RESTORATION WORK RELATED TO SAN ONOFRE NUCLEAR GENERATING STATION STEAM GENERATOR REPLACEMENT**

Dear Sir or Madam:

By letter dated June 22, 2004, the Southern California Edison Company ("Edison") notified the San Onofre Nuclear Generating Station ("SONGS") co-owners that a Operating Impairment exists with respect to steam generator degradation at SONGS. Further, a plan for performing Restoration Work necessary to resolve the Operating Impairment has been set forth in Edison's application to the California Public Utilities Commission requesting certain approvals related to steam generator replacement.

As provided in Section 16.5 of the Second Amended San Onofre Operating Agreement among the Southern California Edison Company, San Diego Gas & Electric Company, the City of Anaheim, and the City of Riverside, Riverside hereby notifies Edison (acting in its capacity as the Operating Agent for SONGS) of Riverside's election to participate in such Restoration Work.

As a result of its election to participate in Restoration Work, it is not necessary for Riverside to provide the estimate of variable  $V_{op}$  requested by Edison in the aforementioned letter. Please contact Gary Nolff at 951.351.6313 or [gnl@riversideca.gov](mailto:gnl@riversideca.gov) with any questions regarding this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "David H. Wright".

David H. Wright  
Interim Public Utilities Director
