2. Complete set of workpapers supporting the transfer of Engineering and Supervision, including the justification.

SDG&E Response:

The workpaper supporting the transfer of Engineering and Supervision was previously provided in response to SDGE-ORA-DEF-024MRL Follow-Up, dated September 12, 2014. The transfer of a portion of the Engineering and Supervision dollars was made to illustrate that the Plant Engineers do not charge all of their time to O&M. Rather, a portion of their time is charged to Capital projects throughout the year, as well as O&M.
