**Subject:** Rebuttal Testimony Workpapers – Electric Generation

**Please provide the following:**

1. A complete set of workpapers supporting the new testimony in SDG&E's rebuttal testimony of Carl LaPeter.

**SDG&E Response 1:**

Attached are the Operations Reports for Desert Star Energy Center used to complete the table entitled "Desert Star Combustion Turbine Operational Hours By Year (CT1 and CT2), found on page CL-3 of the Rebuttal Testimony.

During the preparation of this data request it was discovered that an incorrect value appears in the table for the 2014 data. The table in the testimony currently reflects "7,978" for 2014. The table should reflect "7,236". This error will be corrected during the direct examination.

No additional workpapers are available.
