- (a) RA Replacement Capacity: No later than five (5) Business Days before the relevant deadline for each applicable Compliance Showing, Buyer may (i) request, subject to Seller's reasonable approval, that Seller not, or cause each Unit's SC not to, list a portion or all of a Unit's applicable Unit Contract Quantity on the Supply Plan or (ii) notify Seller that a portion or all of the Unit Contract Quantity of a Unit will be included in an applicable Compliance Showing as RA Substitute Capacity. The amount of Unit Contract Quantity that is the subject of such a request or notice shall be known as "RA Substitute Capacity" and, for purposes of calculating a Monthly Payment pursuant to Section 4.1, to the extent provided, such RA Substitute Capacity shall be deemed Unit Delivered Quantity provided consistent with Section 3.6.
- (b) Seller's Obligations With Respect to RA Substitute Capacity: If Buyer requests RA Substitute Capacity, Seller shall (i) make such RA Substitute Capacity available to Buyer during the applicable Showing Month to allow Buyer to utilize, as applicable, the substitution rules in Sections 9.3.1.3.1, 9.3.1.3.2 and 40.9.4.2.1 of the Tariff [including any similarly defined substitution rules under the Tariff in respect of Flexible RA Attributes]*[Comment: Include bracketed language if the Product includes flexible capacity]* ("Substitution Rules") and (ii) take, or cause each Unit's SC to take, all action to allow Buyer to utilize, as applicable, the Substitution Rules, including, but not limited to, ensuring that the RA Substitute Capacity will qualify, as applicable, for substitution under the Substitution Rules, and providing Buyer with all information needed to utilize the Substitution Rules.
- (c) Seller agrees that all RA Substitute Capacity utilized by Buyer under the Substitution Rules, as applicable, is subject to the requirements identified in Section 3.7.
- (d) Failure to Provide RA Substitute Capacity: If Seller fails to provide RA Substitute Capacity or Buyer is unable to utilize the RA Substitute Capacity under the Substitution Rules due to Seller's failure to fulfill its obligations under Section 3.9(b)(ii), then Seller shall reimburse Buyer for any and all

Non-Availability Charges incurred by Buyer and shall pay Buyer the CPM revenue the CASIO would have paid the Buyer but for Seller failure, due to such failure or inability to utilize the Substitution Rules; provided, that if Buyer is unable to utilize the Substitution Rules because the RA Substitute Capacity does not qualify for substitution under Section 9.3.1.3.1, 9.3.1.3.2, 40.9.4.2.1(1)(i) or (ii) of the Tariff, then Seller shall not be responsible for any such Non-Availability Charges described in this Section 3.9(d) associated with such inability.

### 3.9 Buyer's Re-Sale of Product

Buyer may re-sell all or a portion of the Product.

## 4. Payment

### 4.1 Monthly Payment

In accordance with the terms of Article Six of the Master Agreement, Buyer shall make a "Monthly Payment" to Seller for each Unit after the applicable Monthly Delivery Period, as follows:

**where:**

*A = applicable Contract Price (in \$/kW-day) for that calendar day*

*B = Unit Delivered Quantity (in MW) for Capacity Attributes provided by Seller for such Unit in that calendar day; provided, however, in no event shall this quantity "B" exceed the Contract Quantity for such Unit (in MW) for Capacity Attributes nor shall this quantity "B" be less than zero.*

*d = Total number of calendar days in the respective Monthly Delivery Period*

The Monthly Payment calculation shall be rounded to two decimal places. In no case shall a Unit's Monthly Payment (or any day in any Monthly Payment) be less than zero.

4.2 Reserved.4.3 Allocation of Other Payments and Costs

- (a) Seller shall retain any revenues it may receive from and pay all costs charged by, the CAISO or any other third party with respect to any Unit for (i) start-up, shutdown, and minimum load costs, (ii) capacity revenue for ancillary services, (iii) energy sales, and (iv) any revenues for black start or reactive power services. Seller shall be responsible for the Environmental Costs associated with the Product and shall indemnify, defend and hold Buyer harmless from and against all third-party claims brought against Buyer for Environmental Costs.
- (b) Buyer shall be entitled to receive and retain all revenues associated with the Contract Quantity during the Delivery Period including any capacity or availability revenues from RMR Contracts for any Unit, Capacity Procurement Mechanism (CPM) or its successor, and Residual Unit Commitment (RUC) Availability Payments, or its successor but excluding payments described in Section 4.3(a)(i)-(iv).

- (c) In accordance with Section 4.1 of this Confirmation and Article Six of the Master Agreement, all such Buyer revenues described in Section 4.3(b), but received by Seller, or a Unit's SC, owner, or operator shall be remitted to Buyer, and Seller shall pay such revenues to Buyer if the Unit's SC, owner, or operator fails to remit those revenues to Buyer. In order to verify the accuracy of such revenues, Buyer shall have the right, at its sole expense and during normal working hours after reasonable prior notice, to hire an independent third party reasonably acceptable to Seller to audit any documents, records or data of Seller associated with the Contract Quantity.
- (d) If a centralized capacity market develops within the CAISO region, Buyer will have exclusive rights to offer, bid, or otherwise submit the Contract Quantity for re-sale in such market, and retain and receive any and all related revenues.
- (e) Subject to the Unit being made available to the CAISO in accordance with Article 3 of this Confirmation, Seller agrees that the Unit is subject to the terms of the Availability Standards, Non-Availability Charges, and Availability Incentive Payments under the Tariff. Furthermore, the Parties agree that any Availability Incentive Payments are for the benefit of Seller and for Seller's account and that any Non-Availability Charges are the responsibility of Seller and for Seller's account.

#### 4.4 Offset Rights

Either Party may offset any amounts owing to it for revenues, penalties, fines, costs, reimbursement or other payments pursuant to Article Six of the Master Agreement against any future amounts it may owe to the other Party under this Confirmation.

### 5. Seller's Failure to Deliver Contract Quantity

#### 5.1 Seller's Duty to Provide Replacement Capacity

Planned Outage replacement shall be addressed by the Tariff. For all other replacements, if Seller is unable to provide the Contract Quantity from any Unit(s) for any day in any Monthly Delivery Period and Replacement Capacity is required under Section 3.2, then:

- (a) Seller shall notify Buyer of the non-availability of any portion of the Contract Quantity from any Unit(s) and identify Replacement Unit(s), and
- (b) Seller shall, at no additional cost to Buyer, provide Buyer with Replacement Capacity from one or more Replacement Units, such that the total amount of Product provided to Buyer from all Units and Replacement Units equals Contract Quantity.

provided that the designation of any Replacement Unit by Seller shall be subject to Buyer's prior written approval, which shall not be unreasonably withheld or delayed. Once Seller has identified in writing any Replacement Units that meet the requirements of this Section 5.1, and Buyer has approved the designation of the Replacement Unit, then any such Replacement Unit shall be deemed a Unit for

purposes of this Confirmation for that day in such Monthly Delivery Period. Notwithstanding anything to the contrary in this Confirmation, Seller's failure to properly provide Replacement Capacity, including Seller's obligation to identify Replacement Units within the notice deadlines specified in this Section 5.1, may result in the calculation of damages payable to Buyer and/or the indemnification of Buyer against any penalties, fines or costs under Section 5 and Section 10.

## 5.2 Damages for Failure to Provide Replacement Capacity

If Seller fails to provide Buyer any portion of the Contract Capacity from Replacement Units for any day in any Monthly Delivery Period as required by Section 5.1, then the following shall apply:

- (a) Buyer may, but shall not be obligated to, obtain Replacement Capacity. Buyer may enter into purchase transactions with one or more parties to replace the portion of Contract Capacity not provided by Seller. Additionally, Buyer may enter into one or more arrangements to repurchase its obligation to sell and deliver the capacity to another party, and such arrangements shall be considered the procurement of Replacement Capacity. Buyer shall act in a commercially reasonable manner in purchasing any Replacement Capacity, and;
- (b) Seller shall pay to Buyer damages, in accordance with the terms of Section 4.1 of the Master Agreement relating to "Accelerated Payment of Damages," if applicable, an amount equal to the positive difference, if any, between (i) the sum of (A) the Capacity Replacement Price paid by Buyer for any Replacement Capacity purchased by Buyer pursuant to Section 5.2(a) for such day, plus (B) the Capacity Replacement Price times the portion of Contract Capacity not provided by Seller nor purchased by Buyer pursuant to Section 5.2(a) for such day times 1,000 kW/MW, and (ii) the portion of Contract Capacity not provided for the applicable day in the applicable Monthly Delivery Period times the Contract Price for that day times 1,000 kW/MW.

## 5.3 Indemnities for Failure to Deliver Contract Capacity

If Buyer is unable to purchase Replacement Capacity after Seller fails to provide Buyer a portion of the Contract Capacity from Replacement Units for any day in any Monthly Delivery Period as required by Section 5.1, then in addition to the damages pursuant to Section 5.2(b)(i)(B) with respect to the portion of Contract Capacity that Buyer has not replaced, Seller agrees to indemnify, defend and hold harmless Buyer from any penalties, fines or costs assessed against Buyer by the CPUC, CAISO, or any Governmental Body having jurisdiction, resulting from any of the following:

- (a) Seller's failure to provide any portion of the Contract Capacity or any portion of the Replacement Capacity;
- (b) Seller's failure to provide timely notice of the non-availability of any portion of the Contract Capacity;

- (c) A Unit's SC's failure to timely submit Supply Plans that identify Buyer's right to the Unit Contract Quantity purchased hereunder, or;
- (d) any other failure by Seller to perform its material obligations under this Confirmation.

With respect to the foregoing, the Parties shall use commercially reasonable efforts to minimize such penalties, fines and costs; provided, that in no event shall Buyer be required to use or change its utilization of its owned or controlled assets or market positions to minimize these penalties, fines and costs.

## **6. Other Buyer and Seller Covenants**

### **6.1 Seller's and Buyer's Duty to Take Action to Allow the Utilization of the Product**

Buyer and Seller shall, throughout the Delivery Period, take commercially reasonable actions and execute any and all documents or instruments reasonably necessary to ensure Buyer's right to the use of the Contract Quantity for the sole benefit of Buyer's Compliance Obligations. The Parties further agree to negotiate in good faith to make necessary amendments, if any, to this Confirmation to conform this Transaction to subsequent clarifications, revisions or decisions rendered by the CPUC, FERC, or other Governmental Body having jurisdiction to administer Compliance Obligations, to maintain the benefits of the bargain struck by the Parties on the Confirmation Execution Date. The Parties acknowledge that the benefit of the bargain as stated in this Agreement attempts to reflect anticipated changes to the CASIO and CPUC Resource Adequacy rules as such rules have been proposed as of the Confirmation Execution Date.

As used in this Section 6.1, "commercially reasonable actions" or "good faith" shall not require the Seller, or the owner or operator of any Unit to undertake any capital improvements, facility enhancements, or the construction of new facilities.

### **6.2 Seller's Represents, Warrants and Covenants**

Seller represents, warrants and covenants to Buyer that, throughout the Delivery Period:

- (a) Seller owns or has the exclusive right to the Product sold under this Confirmation from each Unit, and shall furnish Buyer, CAISO, CPUC or other Governmental Body with such evidence as may reasonably be requested to demonstrate such ownership or exclusive right;
- (b) No portion of the Contract Quantity has been committed by Seller to any third party in order to satisfy Compliance Obligations or analogous obligations in any CAISO or non-CAISO markets, other than pursuant to an RMR Contract between the CAISO and either Seller or the Unit's owner or operator;
- (c) Each Unit is connected to the CAISO Controlled Grid, is within the CAISO Control Area, and is under the control of CAISO;
- (d) Seller shall, and each Unit's SC, owner and operator is obligated to, comply with Applicable Laws, including the Tariff, relating to the Product;

- (f) Seller has notified the SC of each Unit that Seller has transferred the Unit Contract Quantity to Buyer, and the SC is obligated to deliver the Supply Plans in accordance with the Tariff fully reflecting such transfer;
- (g) Seller has notified the SC of each Unit that Seller is obligated to cause each Unit's SC to provide to Buyer, at least fifteen (15) Business Days before the relevant deadline for each Compliance Showing, the Unit Contract Quantity of each Unit that is to be submitted in the Supply Plan associated with this Agreement for the applicable period;
- (h) Seller has notified each Unit's SC that Buyer is entitled to the revenues set forth in Section 4.3, and such SC is obligated to promptly deliver those revenues to Buyer, along with appropriate documentation supporting the amount of those revenues;
- (i) In the event Seller has rights to the energy output of any Unit, and Seller or the Unit's SC schedules energy from the Unit for export from the CAISO Control Area, or commits energy to another entity in a manner that could result in scheduling energy from the Unit for export from the CAISO Control Area, it shall do so only as allowed by, and in accordance with, Applicable Laws and such exports may, if allowed by the Tariff, be curtailed by the CAISO, and;
- (j) The owner or operator of each Unit is obligated to maintain and operate each Unit using Good Utility Practice and, if applicable, General Order 167 as outlined by the CPUC in the Enforcement of Maintenance and Operation Standards for Electric Generating Facilities Adopted May 6, 2004, and is obligated to abide by all Applicable Laws in operating such Unit; provided, that the owner or operator of any Unit is not required to undertake capital improvements, facility enhancements, or the construction of new facilities.

## **7. Confidentiality**

Notwithstanding Section 10.11 of the Master Agreement, the Parties agree that Buyer and Seller may disclose this Agreement to the CPUC, CAISO and any Governmental Body, as required by Applicable Law, and Seller may disclose the transfer of the Contract Quantity under this Transaction to the SC of each Unit in order for such SC to timely submit accurate Supply Plans; provided, that each disclosing Party shall use reasonable efforts to limit, to the extent possible, the ability of any such applicable Governmental Body, CAISO, or SC to further disclose such information. In addition, in the event Buyer resells all or any portion of the Product, Buyer shall be permitted to disclose to the other party to such resale transaction all such information necessary to effect such resale transaction.

## **8. Counterparts**

This Agreement may be executed in one or more counterparts each of which shall be deemed an original and all of which shall be deemed one and the same Agreement.

Delivery of an executed counterpart of this Agreement by fax will be deemed as effective as delivery of an originally executed counterpart. Any Party delivering an executed counterpart of this Agreement by facsimile will also deliver an originally executed counterpart, but the failure of any Party to deliver an originally executed counterpart of this Agreement will not affect the validity or effectiveness of this Agreement.

**9. Collateral Requirements** [NOTE to respondents: Amount to be determined by SDG&E credit department]

On or before the Confirmation Execution Date, to secure its obligations under this Confirmation, Buyer agrees to deliver a Letter of Credit or cash in the amount of \_\_\_\_\_ to Seller and maintain such security in full force and effect until it is required to be returned in accordance with this Section 9. The security posted under this Section 9 shall not be deemed a limitation of Buyer's damages. Seller shall return to Buyer any unused portion of this security after the following have occurred: (i) the Delivery Period has expired or terminated early; and (ii) all payment obligations of the Buyer arising under this Confirmation, including compensation for penalties, indemnification payments or other damages are paid in full (whether directly or indirectly such as through set-off or netting).

**10. Declaration of an Early Termination Date and Calculation of Settlement Amounts**

Notwithstanding anything to the contrary, the Parties shall determine the Settlement Amount for this Transaction in accordance with Section 5.2 of the Master Agreement using the defined terms contained in this Confirmation as applicable. Furthermore, with respect to this Transaction only, the following language is to be added at the end of Section 5.2 of the EEI Agreement:

"If Buyer is the Non-Defaulting Party and Buyer reasonably expects to incur penalties, fines or costs from the CPUC, the CAISO, or any other Governmental Body having jurisdiction, because Buyer is not able to include the Contract Quantity in any applicable Compliance Showing due to the termination of the Transaction under the Master Agreement caused by Seller's Event of Default and Buyer has not purchased Replacement Capacity for the applicable portion of the Contract Quantity, then Buyer may, in good faith, estimate as its Losses in respect of the Transaction the present value of the amount of those penalties, fines and costs on a \$/kW-day basis subtracting the Contract Price (in \$/kW-day) and include this estimate in its determination of the Settlement Amount, subject to accounting to Seller when those penalties, fines and costs are finally ascertained. The rights and obligations with respect to determining and paying any Settlement Amount or Termination Payment, and any dispute resolution provisions with respect thereto, shall survive the termination of this Transaction and shall continue until after those penalties or fines are finally ascertained."
