

The California Climate Credit is part of California's efforts to fight climate change. Learn how at [cpuc.ca.gov/ClimateCredit](http://cpuc.ca.gov/ClimateCredit).

OCTOBER 2023

## SDG&E® offers free natural gas appliance safety checks

Stay safe this winter! Schedule a no-cost gas appliance safety check with SDG&E.

As the weather gets cooler, the use of natural gas appliances like water heaters, furnaces and ovens can go up. Schedule a gas appliance check with SDG&E® to make sure your appliances are working properly and efficiently to help keep gas bills lower. Getting your appliances inspected is a great way to help prevent carbon monoxide poisoning too.

One of our SDG&E gas technicians will come to your home or business to inspect your gas appliances. We offer a variety of complimentary services:

- Light and inspect gas pilot lights. Make sure pilot lights and burner flames are a clear blue.
- Check that gas appliances are operating safely and efficiently and not emitting carbon monoxide.
- Ensure gas furnaces are working properly and inspect the condition of the filter which improves the furnace's heating ability.

Visit [sdge.com/GasCheck](http://sdge.com/GasCheck) for details or go to [sdge.com/MyAccount](http://sdge.com/MyAccount) or our mobile app to book your appointment.

## Want a comfier, more energy efficient home?

Elevate your home's energy efficiency with GoGreen Financing from the State of California. Get the home upgrades you want and use up to 30% for other improvements too. Why choose GoGreen Home? You'll get below-market interest rates, extended terms for affordable payments, the ability to do non-energy improvements and there's no property lien. So, stop living with old, outdated equipment. Follow these simple steps to get your project started:

1. Speak to a GoGreen Home contractor and make a plan
2. Get an estimate and choose an approved lender
3. Receive lender approval and get started!

Explore projects, contractors and excellent loan rates to upgrade your home while helping make California more sustainable. Visit [GoGreenFinancing.com/SDGE](http://GoGreenFinancing.com/SDGE) today!

### Fall energy-saving tips

As autumn leaves begin to fall, it's the perfect time to save energy and money. Lower your thermostat a few degrees and embrace cozy sweaters and blankets. Seal any drafts, clean and maintain your heating system and consider insulating your home. Take advantage of natural sunlight during the daytime and close curtains at night to retain heat. Simple adjustments can make an impact on your energy savings this season. For more tips, visit [sdge.com/MyEnergy](http://sdge.com/MyEnergy).

## SDG&E's Business Energy Solutions Program (BES)

Energy efficiency is not only an environmentally conscious choice, it's also a powerful business investment. To help your business meet its energy goals, SDG&E offers the Business Energy Solutions (BES) program.

BES authorized contractors work with qualified small business customers to identify cost-saving opportunities

on energy bills by installing energy-efficient upgrades. Program contractors conduct site audits, identify available upgrades and install the new energy-saving equipment. Some upgrades require a co-pay while others are offered at no cost.

Potential upgrades offered by the BES Program may include:

- LED Lighting
- Refrigeration controls
- Water heating products
  - NEW - Electric heat pump water heaters
- Foodservice equipment

Understanding how your building uses energy is the first step to improving your energy efficiency and achieving your energy goals. To get started, contact one of these BES program contractors today:

#### Willdan Energy Solutions:

[bes@willdan.com](mailto:bes@willdan.com) or 1-844-473-6037

#### Synergy Companies:

[sandiego.office@synergycompanies.com](mailto:sandiego.office@synergycompanies.com) or 1-888-272-8394

To learn more and for program eligibility, visit [sdge.com/BES](http://sdge.com/BES).

## Get a no-cost home energy audit and upgrades

To help its customers keep energy costs down, SDG&E® launched a new program for renters and owners of single-family homes. The Residential Energy Solutions (RES) program has no income restrictions. Eligible customers receive no-cost upgrades such as smart thermostats, low-flow showerheads, brushless fan motors, HVAC services like air duct testing and sealing - and more. SDG&E has also contracted with Synergy Companies to provide customers with energy efficiency audits from their experts. Customers can request a home visit at [sdge.com/RES](https://sdge.com/RES) or by calling 1-888-272-8394.

Take advantage of additional assistance programs from SDG&E:

- **CARE:** customers can save 30% or more off their energy bill
- **FERA:** customers can receive an 18% discount on their electricity bill
- **ESA:** no-cost energy-efficiency upgrades to income-qualified customers
- **Golden States Rebates program:** incentives of \$20 - \$500 to buy high-efficiency water heaters, smart thermostats or room air conditioners
- **Arrearage Management Payment (AMP) Plan:** debt forgiveness for past due bills for CARE and FERA customers

For more information on assistance programs, visit [sdge.com/Assistance](https://sdge.com/Assistance).

## Moving? Transfer your service online.

Start, transfer or stop services online with SDG&E's My Account or mobile app.

It's convenient and only takes a few minutes - no calls, no waiting.

- Online scheduling shows earliest available dates
- If plans change, update your request online

Plus, there are more online services to make your move easy.

- Download Letters of Residency or Credit History
- Get help with other services like phone, internet and TV

Visit our moving center at [sdge.com/Move](https://sdge.com/Move).

Visit [sdge.com/MobileApp](https://sdge.com/MobileApp) for more information or to download our app.

## Proposition 65 warning

SDG&E is a regulated public utility that provides energy service to 3.7 million people through 1.49 million electric meters and 905,000 natural gas meters in San Diego and southern Orange counties. Our service area spans 4,100 square miles. For a map of our service area, go to [sdge.com/about-us](https://sdge.com/about-us).

Natural gas and treated wood utility poles are used throughout our service area. In accordance with Proposition 65, the following warnings are provided:

### Natural gas combustion

**WARNING:** Entering this area can expose you to chemicals including formaldehyde, which is known to the State of California to cause cancer, and carbon monoxide, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to [www.P65warnings.ca.gov](https://www.P65warnings.ca.gov).

### Treated wood utility poles

**WARNING:** Entering this area can expose you to chemicals including pentachlorophenol, which is known to the State of California to cause cancer. For more information go to [www.P65warnings.ca.gov](https://www.P65warnings.ca.gov).

## Increase your home's defenses

Flying embers from a wildfire can threaten homes up to a mile away. Stay safe this wildfire season with a defensible space. It's the area around your home

where vegetation is maintained and cleared to reduce the spread of wildfire to and from your property. Remove all brush and dead branches within a 100-foot perimeter of your property.

Low-growing ground cover (like drought-tolerant succulents) and gardens are okay but anything that could ignite should be removed. Learn more about defensible space at

[sdge.com/Wildfire-Emergency-Preparedness](https://sdge.com/Wildfire-Emergency-Preparedness).
