

Power Your Drive for Fleets

Helping Small Businesses Electrify Their Fleets with Incentives & Rebates

Reducing operating costs, eliminating tailpipe emissions, and simplifying maintenance are benefits for any fleet operation. But when you're a small business owner, it could mean the difference between increasing revenues and decreasing profits.

As part of our commitment to supporting small businesses and improving air quality, SDG&E is implementing the **Power Your Drive for Fleets** program to help organizations transition to electric vehicles by installing the necessary charging infrastructure.

INFRASTRUCTURE INCENTIVES

Option 1: SDG&E-Owned No Cost Installation

Option 2: Customer-Owned Rebates to Reduce Installation Costs

ELIGIBLE VEHICLE TYPES

A diverse mix of on-road and off-road, medium- and heavy-duty vehicle types to support fleets in disadvantaged communities are eligible for the Power Your Drive for Fleets program, including:

HEAVY-DUTY

Goods movement (Class 7-8)

MEDIUM DUTY

Delivery & shuttle (Class 2-6)
>6,000 LBs

OFF-ROAD

Forklifts (Class 2 or higher)
>6,000 LBs

Transport refrigeration units

Yard trucks

PROGRAM OVERVIEW

\$107 million

budget over 5 years

300+ customer sites

commercial and private fleets

3,000+ new EVs

on- and off-road Class 2-8

CHARGER REBATES

You can select from a variety of EV charger options from our **approved vendor list**. School buses, transit buses, and sites located in disadvantaged communities that are not a Fortune 1000 company are eligible for the EVSE rebates based on the power output of the charger.

[Use our rebate calculator to see how much you could save »](#)

Maximum rebate amounts per charger power level

EVSE power	Max. rebate amount*
Up to 19.2kW	\$3,000 per charger
19.3kW up to 50kW	\$15,000 per charger
50.1kW up to 150kW	\$45,000 per charger
150.1kW and above	\$75,000 per charger

*Eligible sites will receive a rebate for each qualified charger for the lesser of 50% of the cost of the charger or the maximum amount based on power output as detailed above, not to exceed 50% of the cost of the charger.

PROGRAM REQUIREMENTS

Demonstrate commitment to procure **a minimum of 2 electric vehicles**

Demonstrate **long-term electrification growth** plan and schedule of load increase

Provide data related to charger usage for a minimum of **5 years**

Own or lease the property where chargers are installed, and operate and maintain vehicles and chargers **for minimum of 10 years**
