

# SDG&E Energy Innovation Center

## Sustainability Tour Request Form

Take our Sustainability Tour to learn how the state-of-the-art Energy Innovation Center was designed and operates as a certified double LEED® Platinum facility recognized by the US Green Building Council. This walking tour features:

- A mix of energy efficiency technologies, renewable energy, water conservation, and sustainable materials.
- A model “Smart Home” with energy-saving technologies and automated innovations.
- A Commercial Demonstration kitchen featuring energy efficient cooking and refrigeration equipment.
