The table above provides a breakdown of the amounts included in All Other Compensation. The amounts reported above are the amounts reported in the Sempra Energy proxy statement and the SoCalGas information statements plus amounts related to regular employee benefits (medical, dental, vision, life, etc).

San Diego Gas & Electric Company
Narrative Statement Describing Compensation Elements
For the Year Ended December 31, 2021

This narrative statement and the amounts reported herein generally follow the presentation included in the Sempra proxy statement and Southern California Gas Company information statement prepared for their annual meetings of shareholders held on May 13, 2022 and June 1, 2022, respectively.

1. Base Salaries

The executive compensation programs of San Diego Gas & Electric, Southern California Gas Company, and Sempra emphasize performance-based annual bonuses and equity-based long-term incentive awards. However, base salaries remain a necessary and standard part of compensation for attracting and retaining outstanding employees at all levels.

Base salaries for executive officers are targeted at the median of those for the non-financial services Fortune 500 companies with revenues between \$5.75 billion and \$23.5 billion ("general industry peer group"). Using national general industry comparisons helps attract and retain top-quality executive talent from a broad range of backgrounds.

Base salaries for executive officers are reviewed annually and the following factors are considered:

- | | | |
|---|--|---------------------------|
| • Peer group salary data | • Complexity of roles and responsibilities | • Reporting relationships |
| • Individual contribution and performance | • Succession planning | • Internal pay equity |
| • Labor market conditions | • Retention needs | • Experience |

2. Performance-Based Annual Bonuses

Each year, performance guidelines are established for annual bonuses. Consistent with the pay-for-performance philosophy, the guidelines do not provide for any bonus payment unless the threshold (minimum) performance level is attained. Bonus opportunities increase for performance above the threshold level. Individual bonus opportunities and performance measures are similar to those discussed on pages 44-46 and 89-91 of the Sempra proxy statement and pages 15-19 of the SoCalGas information statement. 2021 financial and operating performance results achieved under the annual bonus plan for SDG&E executives were 173.28% of target performance.

Potential bonuses at threshold, target and maximum company performance are expressed as a percentage of each executive officer's base salary. The target bonus potentials and percentages are consistent with the leverage typically found in bonus plans within general industry. Extraordinary company or individual performance may result in the payment of bonuses above the guidelines.

3. Long Term Equity-Based Incentives

Long term equity-based incentives are the largest single component of each executive officer's compensation package. In 2021, the long-term incentive plan award was in the form of performance-based and time-based Sempra restricted stock units. This award structure was determined after considering many variables. These included alignment with shareholder interests, retention, plan expense, share usage, market trends, and feedback from Sempra's shareholder outreach.

Performance-based restricted stock units:

Each annual performance-based restricted stock unit granted in 2021 represents the right to receive between zero and 2.0 shares of Sempra common stock. The 2021 annual performance-based restricted stock unit awards are based on two performance measures – relative total shareholder return and earnings per share growth.

For the Year Ended December 31, 2021

Time-based restricted stock units:

Time-based restricted stock units granted in 2021 vest in equal installments of one-third over a 3-year period, subject to continued employment through each vesting date. The primary purpose of these awards is to promote retention.

For a detailed description of the 2021 awards and the results for the 2019-2021 award cycle, please refer to pages 46-49 of the Sempra proxy statement and pages 19-22 of the SoCalGas information statement.

Benefit Plans

Executive officers also participate in other benefit programs including: 1) Health, Life Insurance and Disability Plans, and Other Benefits; 2) Retirement Plans; and 3) Savings and Deferred Compensation Plans. These benefits are described on pages 50-51 of the Sempra proxy statement and pages 22-25 of the SoCalGas Information Statement.

Regular Employee Benefits

The SEC's proxy rules, for the most part, do not require reporting of broad-based employee benefit plans such as those providing medical, dental, life or disability coverage. However, amounts related to broad-based pension benefits and the 401(k) savings plan are discussed in the Compensation Discussion and Analysis and reported in the executive compensation tables.

The companies' flexible benefits plan allows employees to select the types and levels of benefits that best meet their needs and those of their families. Benefit options include:

- Medical plans (choice of HMO's and a high-deductible health plan)
- Dental plans (choice of Delta Dental plan and dental HMO)
- Long-term disability coverage
- Life insurance
- Accident insurance
- Healthcare, Dependent day care and Transportation flexible spending accounts

Each benefit option has a price tag reflecting the employee's cost for coverage. The amounts shown in the All Other Compensation table in this report reflect the portion of the benefit costs paid by the companies.

In addition to the flexible benefit plan, the companies also provide short-term counseling and referral services under the employee assistance plans and various wellness programs.

SAN DIEGO GAS & ELECTRIC COMPANY PROPORTION OF COMPENSATION PAID DIRECTLY OR INDIRECTLY
BY UTILITY CUSTOMERS FOR THE YEAR ENDED DECEMBER 31, 2021

In Decision (D.) 19-09-051, modified by D.20-07-038 (Rehearing Decision), the California Public Utilities Commission resolved San Diego Gas & Electric Company's (SDG&E's)/Southern California Gas Company's (SoCalGas') 2019 General Rate Case ("2019 GRC"), authorizing SDG&E to recover the portion of 2021 forecast costs to be paid by customers as set forth below.

- **Executive Officers:** no compensation and benefits costs for "executive officers" as defined in Resolution E-4963 ("Executive Officers");
- **Base Salaries:** all of the forecast costs for salaries for employees of SDG&E who are not Executive Officers;
- **Spot Cash and Employee Recognition ("Bonus" column in schedule):** 85% for SDG&E of the forecast costs for spot cash and employee recognition, collectively;
- **ICP/Variable Pay (Non-Equity Incentive Plan Compensation column in schedule):**
 - None of the forecast costs for Executive ICP (covering both Executive Officers and other officers);
 - 79% for SDG&E of the forecast costs for Non-Executive ICP;
- **Long-Term Incentive Plan, or LTIP ("Stock Awards and Option Awards" columns in schedule):** None of the forecast costs for LTIP;
- **Pension:**
 - all of the forecast costs for qualified pension for employees who are not Executive Officers;
 - 50% of the forecast costs for nonqualified pension and nonqualified savings plan for employees who are not Executive Officers;
- **All Other Compensation:**
 - all of the forecast costs for the qualified 401(k) retirement savings plan for employees who are not Executive Officers;
 - none of the costs for certain other executive benefits, such as financial planning, which were not requested in the 2019 GRC; and
 - all of the forecast costs for health and welfare benefits for employees who are not Executive Officers.

A portion of the forecast compensation and benefit cost for executive officers of Sempra Energy are allocated to SDG&E (excluding the Chairman and CEO of Sempra Energy and Group President of Sempra Energy whose costs are not allocated). The 2019 GRC provided funding for the forecast costs for allocations of salary and benefit costs but did not provide funding for cost allocations related to ICP and LTIP for executive officers of Sempra Energy.
