Application of SAN DIEGO GAS & ELECTRIC
COMPANY (U 902 E) for Approval of its 2020
Electric Procurement Revenue Requirement
Forecasts and GHG-Related Forecasts

Application 19-04-010

**MOTION OF SAN DIEGO GAS & ELECTRIC COMPANY (U 902 E) FOR LEAVE
TO FILE CONFIDENTIAL MATERIALS UNDER SEAL; CONFIDENTIAL
MATERIALS ATTACHED AND FILED UNDER SEAL**

Pursuant to Rule 11.4 of the Commission’s Rules of Practice and Procedure and Decisions (“D”) 06-06-066 and D.14-10-033, San Diego Gas & Electric Company (“SDG&E”) hereby files this Motion to File Under Seal regarding the confidential information in Attachment G to the Application of San Diego Gas & Electric Company (U-902-E) for Approval of its 2020 Electric Procurement Revenue Requirement Forecasts and GHG-Related Forecasts (“Application”). Specifically, as described in the Declarations of Elsa Valay-Paz and Hillary Hebert (Attachment A to this Motion¹), SDG&E is seeking confidential treatment of limited greenhouse gas (“GHG”)-related information in Templates D-2 (Annual GHG Emissions and Associated Costs) and D-5 (History of Revenue, Costs, and Emissions Intensity), both of which are included in Attachment G (GHG Revenue and Reconciliation Form) to the Application. As Ms. Valay-Paz and Ms. Hebert indicate, disclosure of this information would be inappropriate because disclosure of forecasts of GHG emissions and recorded and forecast GHG costs would allow market participants to gain insight into SDG&E’s GHG obligations and procurement strategies, which would comprise SDG&E’s contractual bargaining power and cause customer costs to rise.

¹ These declarations are also attached to testimony of Stefan Covic and Ana Garza-Beutz, respectively, both of whom refer to the confidential information.

In sum, the material for which SDG&E seeks confidential treatment is confidential according to D.06-06-066 and D.14-10-033. The confidential information should be protected as follows:

- the confidential information constitutes a particular type of data listed in the IOU Matrix;
- the confidential information is confidential in accordance with D.14-10-033;
- SDG&E is complying with the limitations on confidentiality specified in the IOU Matrix for each type of data;
- the confidential information is not already public; and
- the confidential information cannot be aggregated, redacted, summarized, masked or otherwise protected in a way that allows partial disclosure.

For good cause shown and because no party will be prejudiced by the redacted material set forth in the above-referenced Templates D-2 and D-5 to Attachment G to the Application, SDG&E respectfully requests that this Motion be granted. SDG&E has attached a Proposed Ruling for the Commission's use in granting this Motion (Attachment B to this Motion).

DATED this 7th day of November 2019, at San Diego, California.

Respectfully submitted,

PURSUANT TO D.16-08-, *et al.***

I, Hillary Hebert, do declare as follows:

1. I am a Resource Planning Manager in the Resource Planning department for San Diego Gas & Electric Company (“SDG&E”). I have been delegated authority to sign this declaration by Miguel Romero, Vice President of Energy Supply. I have reviewed Stefan Covic’s Prepared Direct Testimony (“Testimony”) in support of SDG&E’s “Application for Approval of its 2020 Electric Procurement Revenue Requirement Forecasts and GHG-Related Forecasts” (“Application”). I am personally familiar with the facts and representations in this Declaration and, if called upon to testify, I could and would testify to the following based upon my personal knowledge and/or information and belief.

2. I hereby provide this Declaration in accordance with Decisions (“D.”) 16-08-024, D.17-05-035, and D.17-09-023 to demonstrate that the confidential information (“Protected Information”) provided in the Testimony is within the scope of data protected as confidential under applicable law.

3. In accordance with the legal authority described herein, the Protected Information should be protected from public disclosure.

ATTACHMENT A

SDG&E Request for Confidentiality on the following information in its Application for Approval of Its 2020 Electric Procurement Revenue Requirement Forecasts and GHG- Related Forecasts

Location of Protected Information	Legal Authority	Narrative Justification
SC-23 Table 4 Application Attachment G, Template D-2: Forecasted Emissions and Costs; and Template D-5: Forecasted Emissions Intensity Attachment E - SDG&E Greenhouse Gas (GHG) Detail	D.14-10-033; D.16-08-024; D.17-05-035; D.17-09-023; Public Utilities Code Section 454.5(g).	The information does not expressly fall within any category of the IOU Matrix applicable to electric procurement information, but is market-sensitive information in that providing these GHG emissions forecasts to market participants would allow them to know SDG&E's forecasted GHG obligation, thereby compromising SDG&E's contractual bargaining power such that customer costs are likely to rise. Thus, the release of this non-public confidential information will unjustifiably allow market participants to use this information to the disadvantage of SDG&E's customers.

PROPOSED ORDER

PROPOSED ORDER

Pursuant to Rule 11.4 of the Rules of Practice and Procedure of the California Public Utilities Commission (the “Commission”) and D.06-06-066, D.08-04-023 and D.14-10-033, San Diego Gas & Electric Company (“SDG&E”) filed a motion on November 7, 2019 requesting authority to file and maintain confidential, commercially sensitive and proprietary information under seal (the “Motion”). The Motion sought confidential treatment of certain limited greenhouse gas (“GHG”)-related information appearing in Templates D-2 (Annual GHG Emissions and Associated Costs) and D-5 (History of Revenue, Costs, and Emissions Intensity), both of which are included in Attachment G (GHG Revenue and Reconciliation Form) to the Application of San Diego Gas & Electric Company (U-902-E) for Approval of its 2020 Electric Procurement Revenue Requirement Forecasts and GHG-Related Forecasts (“Application”).

The information for which confidential treatment is sought is protected under the IOU Matrix adopted in D.06-06-066 (the “IOU Matrix”) or under D.14-10-033. In addition, the information complies with the limitations on confidentiality specified in the IOU Matrix for that type of data (as applicable) and has not been made public. In addition, the data cannot be aggregated, redacted, summarized, masked or otherwise protected in a way that allows partial disclosure.

Therefore, it is ordered that:

1. The confidential information contained in Templates D-2 and D-5 to Attachment G (GHG Revenue and Reconciliation Form) to the Application, shall remain sealed and is not to be disclosed to anyone other than Commission staff, the Assigned Commissioner, the assigned Administrative Law Judges (“ALJs”) or an ALJ designated to decide this motion;

2. Further proceedings, if any, held with respect to matters contained in the confidential information shall be conducted in a manner the assigned ALJs deem reasonably necessary to protect the confidentiality of the materials described herein;
3. SDG&E has the right to consider and reject requests for access to this material by means of a non-disclosure agreement or other method; and
4. All additional documentary evidence in this proceeding that addresses or relates to the subject matter of the confidential information must be treated in the confidential manner described in paragraphs 1 and 2, above.
