**PREPARED REBUTTAL TESTIMONY OF
ERICA WISSMAN
ON BEHALF OF SAN DIEGO GAS & ELECTRIC COMPANY**

I. INTRODUCTION

The purpose of my rebuttal testimony is to address the August 19, 2024, Prepared Direct Testimony of Carlo Bencomo-Jasso on behalf of San Diego Community Power and Clean Energy Alliance (collectively the “CCA Parties”) in San Diego Gas and Electric Company’s (“SDG&E”) Application for Approval of its 2025 Electric Procurement Revenue Requirement Forecasts, 2025 Electric Sales Forecast, and GHG Related Forecasts (“Application”). More specifically, my rebuttal testimony addresses the following issue discussed in Mr. Bencomo-Jasso’s testimony:

- Recommendations that SDG&E should include the budgetary impacts of San Diego Community Power’s (“SDCP”) 2025 DAC-GT and CSGT Programs.

SDG&E’s failure to address any particular intervenor testimony or individual issue in this rebuttal testimony does not imply agreement by SDG&E with any argument, position or proposal asserted by the intervenors.

II. SDG&E AGREES TO INCLUDE SDCP’S RECENTLY PROPOSED 2025 DAC-GT AND CSGT PROGRAM BUDGETS IN THE OCTOBER UPDATE

Mr. Bencomo-Jasso recommends that SDG&E include the budgetary impacts of SDCP’s 2025 DAC-GT and CS-GT programs in its 2025 ERRR October Update, regardless of whether it has been approved by the Commission.¹ SDG&E agrees with this recommendation. As discussed in Mr. Bencomo-Jasso’s Testimony, D.20-12-038 required Pacific Gas and Electric

1 Company to set aside the pending funding for the DAC-GT and CS-GT programs for CCAs in its
2 service territory.² Here, SDCP submitted its proposed 2025 DAC-GT and CS-GT program
3 funding to the Commission on July 8, 2024.³ SDG&E will therefore update the 2025 program
4 funding in its October Update to reflect SDCP’s proposed funding, even though it is still pending
5 Commission approval. SDG&E reserves the right to modify this amount should the Commission
6 reject or modify SDCP’s proposed funding request.
