Question 6.

Provide a detailed breakdown of historic labor costs for all three years prior to 2024 related to activities recovered in the CBF, including:

- Full-Time Equivalent (FTE) counts
- Job titles
- Salary and benefit levels
- Overhead loading factors
- Allocation methodology

Response

Applicants object to the extent the request seeks information private information of individual employees and, further, that such a request seeks information not relevant to this proceeding nor is it reasonably calculated to lead to the discovery of admissible evidence. Subject to and without waiving the foregoing, Applicants provide the following response:

Please also see response 1, which clarifies that the actual costs for procurement are determined in the General Rate Case, while the CBF in the CAP is a cost allocation exercise.
