**CHARGEPOINT DATA REQUEST**

**QUESTION 1:**

With respect to your testimony regarding EVITP certification requirements (see [Opening Testimony at RS-11-12](#), [Rebuttal Testimony at RS-10-11](#)), will any statement or recommendation be affected by implementation of Assembly Bill 841 (Stats 2020, Ch.372)? If not, please explain. If so, please specifically cite the statement or recommendation and explain how it will be affected.

**SDG&E RESPONSE:**

As outlined in the Power Your Drive Extension Program application, SDG&E plans to utilize IBEW-affiliated contractors and EVITP-certified electricians. SDG&E does not anticipate significant changes to these plans due to the implementation of AB 841, but the full ramifications of AB 841 with respect to utility programs are contingent on further regulatory development, and cannot be predicted at this time.
