

Requesting Party DR #	DR Received	# of Questions	SDG&E Response Sent	Attachments	Confidentiality Status	DR Topics
TURN-DR-01	11/30/2018	6	12/7/2018	Y	N	fire incidents, citations/violations, de-energization reports
TURN-DR-02	1/16/2019	4	1/23/2019	Y	N	fire incidents and high fire threat district vs. high fire risk area
CalPA-DR-01	2/6/2019	1	2/13/2019	Y	N	requesting workpapers and documents related to SDG&E's WMP
CEJA-DR-01	2/14/2019	7	2/25/2019	N	N	consideration of socioeconomic factors, Community Resource Centers, community outreach, effectiveness of capital expenditures in relation to reduction of wildfire risk, and back-up generators
CalPA-DR-02	2/21/2019	8	2/26/2019	Y	N	special work procedures, design of wood to steel poles, enhanced vegetation management and quality assurance, public safety power shutoffs, and the conceptual generator grant program
OSA-DR-01	2/23/2019	4	2/28/2019	Y	Y	distribution and transmission infrastructure located in the high fire threat district, wind speeds, and circuit miles
TURN-DR-03	2/27/2019	3	3/4/2019	N	N	WMP's compliance with applicable rules, regulations, and standards
CEJA-DR-02	2/28/2019	5	3/6/2019	N	N	outreach to customers in the HFTD, vegetation-related ignitions, and equipment-related ignitions
MGRA-DR-01	3/3/2019	17	3/7/2019	N	N	length of transmission and distribution circuits in the HFTD and the degree to which they can be individually monitored and controlled, and proposed enhanced vegetation management to be applied to at risk/reliability trees in the strike zone
MGRA-DR-02	3/4/2019	3	3/7/2019	N	N	enforcement of goals in WMP, imprudence for cost recovery/lack of compliance with WMP
Abrams-DR-01	3/5/2019	22	3/8/2019	Y	Y	risk assessments/risk mitigation plans; at-risk components/parts and related inspections, failure rates, and weather/wildfire risk assessments; reportable ignition data; circuit prioritization; egress risk scores; collaboration with County, local government agencies, and external firefighter organizations; "property owner objections" to vegetation management and electric poles/towers; contracts/agreements with vegetation management contractors and weather station/HD camera contractors and vendors; effectiveness of PSPS notification strategies; de-energization/re-energization strategies; and wire down detection projects
SED-DR-01	3/5/2019	20	3/8/2019	Y	Y	WMP: Section 4.2 – Inspection Plan; Section 4.3 – System Hardening Plan; and Section 6.2 – Metrics to Evaluate Plan Performance
TURN-DR-04	3/5/2019	1	3/8/2019	N	N	drivers of all ignitions
POC-DR-01	3/7/2019	2	3/12/2019	N	N	root cause of reportable fires/wire down events and customer-owned/operated gasoline fueled emergency generators
SED-DR-02	3/7/2019	13	3/12/2019	N	N	WMP: Section 4.3 – System Hardening Plan; and Section 4.4 – Vegetation Management
CalPA-DR-03	3/11/2019	1	3/14/2019	Y	N	data regarding our electric system (transmission and distribution) and the high fire threat district
CalPA-DR-04	9/20/2019	1	9/30/2019	Y	N	initial safety certification
MGRA-DR-03	9/27/2019	9	10/7/2019	N	N	SDG&E's September 17, 2019 WMP Update Presentation - enhanced vegetation management, data from weather stations, and our mobile phone app; use of small conductor; definition of wire down event
