**Service for Residential Customers with Electric Vehicles**

SDG&E provides three additional options available for residential customers with electric vehicles. Schedules EV-TOU, EV-TOU-2, and EV-TOU-3 are SDG&E's residential rates for customers with an electric car or use electricity to run a natural gas home fueling pump. Schedule EV-TOU-2 is the simplest and most popular of the three rate options. The car must be registered with the California Department of Motor Vehicles.

**Schedule EV-TOU - DOMESTIC TIME-OF-USE FOR ELECTRIC VEHICLE CHARGING** provides domestic residential service for customers who own qualifying electric vehicles.
